ROOFING SERVICES

Bothwell-Accurate is the innovative leader in superior installations for all Roofing, Waterproofing & Sheet Metal applications, and is committed to achieving the highest return on your investment. Our strong team of experienced professionals instill corporate citizenship, a passion for continuous improvement, and market leadership through environmental initiatives and a focus on reducing energy consumption.

RE ROOFING DIVISION

Bothwell-Accurate can provide a variety of replacement roofing systems, for literally any application. As part of our service, we will do an on-site inspection and provide you with a complimentary quotation, based on your business needs and our recommended roofing solution for your building.

There are many factors involved in determining the best approach to your re-roofing project, from the state of your existing roof, to your budget. We will work with you to analyze your requirements and design a solution that meets all your needs.

We would be happy to quote you on your re-roofing project. For more information on our re-roofing services, please contact our re-roofing department at **416-762-8243**.

NEW ROOF DIVISION

Bothwell-Accurate has the experience and expertise in all types of new roofing applications, ensuring that your roof meets all standards and provides a quality product that achieves a solid return on investment.

Please review our completed projects page to see a list of Bothwell-Accurates projects both past and present.

We would be happy to respond to your request for pricing or quotation request. For more information or to submit an RFP for new roofing, please contact us at **416-762-8243**.
